Dear Ms. Davis:

Thanks for following up. I did receive a series of emails on October 5 and 6, with attachments, and I did upload them to the file for your charge of discrimination.

Sincerely,

Settlement for workers comp

me Feb 3

to ROBERT.WISNIEWSKI ▾

Good afternoon,

The document provided is a settlement for my worker's comp case. I am signing this in distress because there is false information on here and my attorney said they won't change the language. I've never had a cervical spine injury and my injury occurred at work and etc. This just goes to show how they are really being bias and doing me wrong. Now I wish I wouldn't have settled and went to court to let the judge decide. Please add this to my case.

Thank you kindly,

Ms. Davis

Good morning Mr. Yubeta,

My name is Tyrisha Davis. I'm contacting you in regards to my case I have with Consumer Safety Technology. I was just notified by Ms. Patricia that my case was closed on 11/30/21. I never received any correspondence from EEOC about it being closed. Can you please tell me what happened to Mr. Robert whom was on my case? I did receive correspondence from him on 12/21/21 which was after the case was closed and he never mentioned anything about it being closed. He states he added the attachments I sent him to my file, so I'm really confused on how it was closed and was never notified through email like Ms. Miner said it was. I checked my spam and junk mail and don't have anything from EEOC. Its been almost a whole year of me not knowing it was closed and would like to know what happened? I truly appreciate your attention to this matter.

Thank you kindly,

Ms. Davis

I would also like to know am I the only person who has experienced this or are there other's as well? What's my next step being that it's been over 90 days? What are my options with EEOC being that I was never notified about something that's very important and have proof of never being notified?

Thank you kindly,

Ms. Davis

Good afternoon Ms. Davis:

I received your emails and this is my first opportunity to respond. Our records indicate the attached Notice of Right to Sue was not uploaded to the Public Portal on 12/1/2021. This occurred due to an administrative error. We apologize that you experienced a delay in receiving a copy of the Notice of Right to Sue. A review of our records indicates you received the Notice of Right to Sue via email from Ms. Miner on 9/13/2022.

You may file a lawsuit against the respondent under federal laws based on this charge in federal court. The lawsuit must be filed with 90 days of your receipt of the Notice of Right to Sue. We regret any inconvenience you may have experienced. For your convenience I have attached links to information on "Filing a Lawsuit" and "Locating an Employment Attorney to Assist You in Filing a Lawsuit."

I hope you find this information helpful.

Good evening Ms. Patricia,

I just wanted to inform you that I did get my case turned in, but being I was never notified or received the right to sue letter in the mail or email the timing will be off and not match up per the right to sue letter that you provided me. I really don't want that to confuse the judge about why I have two different dates. I didn't notify the judge about this until you was abreast of it. I have plenty of emails I sent Mr. Robert and never was notified nor was I made aware of EEOC no longer taking my case. Hopefully the judge doesn't bring this up, but that's why I'm bringing it to your attention so you can make them aware of this unfortunately occurring. I truly appreciate your attention to this matter.

Thank you kindly

Ms.Davis
